ARRL Field Day June 24-25

This year, Field Day will be on the weekend of June 24 & 25 so mark your calendar. This has been the major operating event for SARA for many years and it is a great way to acquaint prospective hams with a chance to see amateur radio in operation. It is also a great chance to get in some operating on all of the bands, no matter what your license class. As always this is an activity that requires a lot of help to put together so consider pitching in if you haven't before and of course if you are an old hand at this....we need you! More details at this upcoming meeting.....
