October, 2012

General Meeting, October 1st, 2012 at 7 PM, Niskayuna High School Little Theatre

ARES in the Capitol District

with Dave Galletly, KM20 and John Fritze KQ2Y

The Schenectady Amateur Radio Association is happy to announce our guests for this Monday, October 1, 2012 in the Little Theatre of the Niskayuna High School on Balltown Road. Attendees should enter the school through the cafeteria entrance located on the side of the school, adjacent to the Nott Street Extension school parking lot.

We welcome Dave Galletly, KM20 and John Fritze KQ2Y who will have NEW updates about the of Amateur Radio Emergency Services {ARES} in the Capitol District.

We will also welcome Pete Cecere, N2YJZ and Mike Lisenco, N2YBB. As you may know, Mike is running for Division Director and would like to say a few word about what he will do for us if elected.

Cancellations: If Niskayuna High School cancels evening classes and activities the SARA meeting will normally also be cancelled and possibly rescheduled. Listen in on the SARA 147.060 repeater for meeting status information and whether it is to be rescheduled.

President's Column

de Jim, K2PK

This time of year brings with it fall (and around the end of September equinoctial) propagation and another DX season. Summer is not the long distance propagation drag it is sometimes thought to be. While the sporadic E season this year was not the best, it did provide openings on 6 meters to Europe, the Caribbean, and the West Coast. During the September ARRL VHF QSO Party there was even a short TE opening to Brazil on 6 meters. The "magic band" is alive and well. For those who want to do some vintage radio, George N2JJE has his 50.4 MHz AM group for a few minutes each day at 7:30 PM Mondays-Saturdays. It is a bit of time travel to hear what amateur AM sounds like.

Some SARA members have gotten into ARRL's Diamond DXCC event for 2012. There are still a few months left to collect QSO's with 100 "countries" from the 1937 DXCC list to qualify for the award. 10 QSL's required. See the ARRL web page for details. What SARA member will collect the most entries on the old list? I know at least one who is way ahead of me.

A Reminder from Your Editor:

Please send me your articles, pictures and comments for SARA News. My email addresses are antje1@yahoo.com or kc2dtp@gmail.com

If you have articles or pictures in paper form, please send them to me at:

Antje Dirksen-Post, P.O.Box 31, Sodus NY 14551.

I will gladly scan them into digital form and add them to SARA News.

We have had our first general meeting and first board meeting of the 2012/2013 season and are off to a good start. The reason for holding separate board meetings is to avoid taking general meeting time with routine business and allow maximum time for the program and general visiting with one another. All members are welcome to attend the board meetings at 7 PM the second Wednesday of the month (even if the regular meeting shifts) at LT's in Niskayuna. Minutes of the board meetings appear in SARA News.

Remember our schedule for regular meetings: first Monday of the month at 7 pm in the Little Theater of Niskayuna High School unless the first Monday is a holiday or the school is closed for some other reason, in which case it becomes the second Monday. The December meeting will be a dinner as in past years.

Thank you Messages from our Broughton Scholarship Winners:

Dear Schenectady Amateur Radio Association,

Thank you so much for the scholarship funds you provided.

I intend to make the most of them during my time at Union University, so that I can have a maximal impact on my community.

*Sincerely,
Dillon Lisk, KJ4TIP*

SARA Dues Reminder

Have you paid your dues yet? The SARA membership year runs from July to June and the 2012-2013 dues are due. Please use the form on the last page or see Tim, W2UI, treasurer at the meeting.

Lots of radio equipment for sale

I recently purchased a home in Clifton Park. The previous owner, now deceased, was John Dasenbrock who some of you may have known. John was apparently a ham radio buff as his home is full of radios, equipment, tools and parts. All of this stuff was left behind. I don't know the first thing about it and would like to sell what is worth selling and donate what is not.

It is a large pile of stuff consisting of several radios, amplifiers and other items whose function is unknown to me. ;-) Most of this equipment was in John's "radio room" and is presumed to be working (they were plugged in, hooked up, etc.). There are a few items that were found in a shed whose status may be questionable.

Here is a partial list of items presumed in working order:

TMC GPR-90 radio
 Viking Valiant II radio
 Yaesu FT-101 radio
 Yaesu FT-227R radio
 Yaesu FT-230 radio
 Heathkit Battery Eliminator IP-2715
 Heathkit "Cantenna" Load Resistor HN-31
 Super Super Tuner
 Heathkit Hybrid Phone Patch HD-15
 Macaw SWR & Power Meter DPM-1
 Heathkit Linear Amplifier SB-220
 Heathkit HW-7
 Bearcat Scanner BC-220
 MFJ Pacesetter Keyer Paddle
 Amp Supply Company LK-500ZB
 Ameritron Amplifier AL-811
 Johnson Viking II
 Heathkit Station Monitor SB-614 (new in box, unassembled)

Unknown condition items:

Johnson Viking II
 Heathkit DX-60
 Hunter 2000-C
 Johnson Viking I

In addition there are several boxes of tubes, parts, tools, testers, cables, electronics, headsets, handsets and lots of

misc. doodads and gizmos. There is even a 40-50' tower out back if someone wants to take it down. Also, there are a couple of boxes of manuals that go to some of this equipment.

From the little research I did I know that the Yaesu FT-101 and the Heathkit SB-220 are worth a bit but I don't have a clue about anything else. I will probably list these items on ebay but would welcome anyone contacting me directly. You/your members are welcome to come and take a look and make an offer. If there is anything of no real resale value but you'd like for your clubs I'd be willing to donate that stuff. If I don't sell it or give it away I'm throwing it out so I'd rather give it to your clubs if it could be used.

Please feel free to pass on this email to any interested parties. I can be reached via email or by phone at 518-238-1513.

Thanks, Richard Johnson rwj@nycap.rr.com
