A Message from the President

The time is going by fast. It is hamfest and hay fever season. The latter we can do without!

The Deerfield Hamfest in New Hampshire is one of the bigger hamfests so there may be some bargains.

Pretty soon W2EGB will have their hamfest. Tom KC2FCP will be happy to see you and they ALWAYS have decent chow there.

If you are lucky and have the money you can visit the Dayton hamfest. It is the Mecca of the hamfests.

Who knows, you may run into Joe Walsh and if you are a musician you might jam together.

No matter what, do go to any or all of these hamfests. After that, FIELD DAY final preps will begin.

SARA General Meeting

Monday, May 2, 2016, 7:00 pm

ATTENTION: NEW LOCATION

First Reformed Church (in the Poling Chapel)
North Church Street, Schenectady

Directions: The church parking lot is on North Church Street, on your left as you head north from Union Street. Cross North Church Street and find the walkway between number 10 and 12 North Church. Go to the end of the walkway and enter the building. Turn left and go through the double doors. Turn right and walk past the rest rooms. The Poling Chapel is just down the hall.

"Edison's Decision"

Presented by
George Wise

In 1886 the Edison Machine Works of New York City moved to Schenectady. This was the beginning of the series of events that led, in the early 20th century, to Schenectady being home to one of the world's greatest centers of industry, technology and science.

How and why did this happen? Why Edison, why Schenectady, and why 1886? This talk will discuss these questions and their bearing on a broader understanding of American history.

Our Speaker: George Wise

George Wise graduated from Lehigh University in 1966 in Engineering Physics, and got a Ph.D. in history from Boston University in 1976.

After working for a few years as a systems engineer, he became a technical writer, speechwriter and historian for GE. After retirement from GE he taught engineering at Union College.

He has published two books on history and is co-author of an engineering textbook, as well as several articles in the field of history, and two on-line non-commercial publications.

Meeting Location

SARA meetings will be held in the Poling Chapel of the First Reformed Church on North Church Street, Schenectady unless otherwise noted.

Cancellations

If Niskayuna High School cancels evening classes and activities the SARA meeting will also be cancelled.

Field Day 2016, June 25th and 26th

The Broughton Field Day Group

This year Field Day is June 25-26. Set up starts on June 24th.

SARA and SMARA will conduct a collaborative Field Day and submit a single entry to the ARRL again this year.

We will call ourselves the “Broughton Field Day Group”. The main call sign will be W2IR. The Get-On-The-Air (GOTA) station call sign will be K2AE.

If you missed it last year, you don't want to miss it this year!

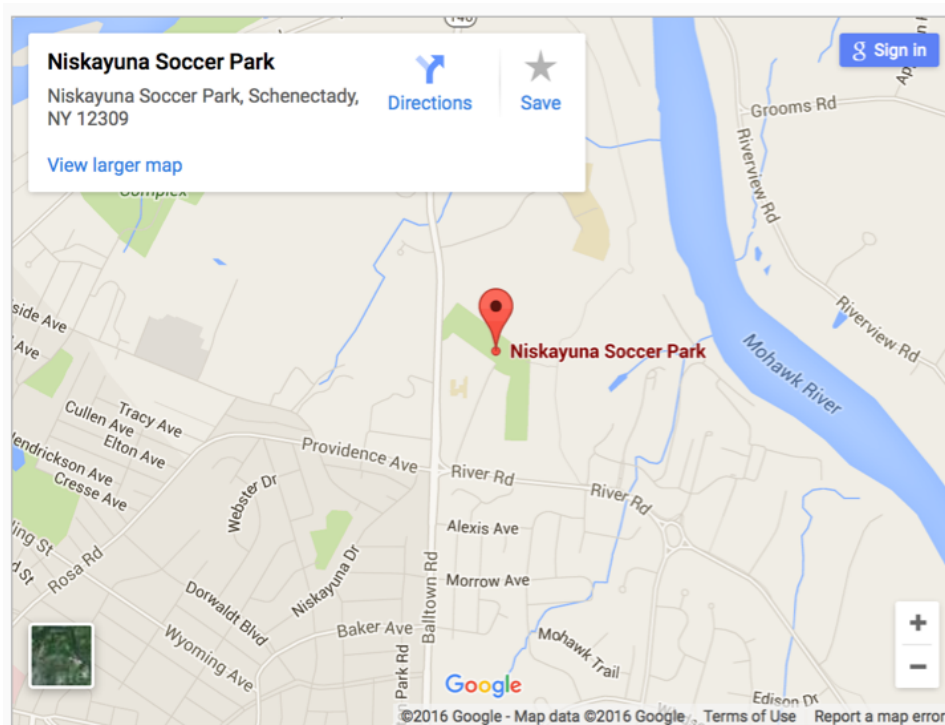

We have a new location this year. This years location is at the Niskayuna Soccer Park behind Craig School, located on Zenner Road. Accessible via River Road, nearest the intersection of Balltown and River Road.

Volunteers are needed for the Field Day Committee.

To volunteer, please contact Tim Long - W2UI or James MacMurray - N2UZQ.

SARA Repeater Donation Fund

Repeaters age similar to how humans age. As the equipment gets older, parts age, over time these parts fail and need to be replaced, costs keep going up and replacement parts are expensive, and eventually the equipment needs to be retired because it reached its end of life cycle.

As many of you already know, our SARA repeaters are funded by membership dues. Over the past years, our repeaters have been getting more expensive to maintain and some of the equipment needs to be replaced. Like most Amateur Radio clubs in the area, we have had declining membership which means there is less money coming into the club to cover our expenses.

As a Club member won't you please consider making a donation to the Repeater Fund? Your support will help offset the cost of keeping our equipment maintained and keep our repeaters on the air.

You can use the SARA Membership Application at the end of this Newsletter to mail your donation (select the "Donation to the Repeater Fund" box) OR bring your donation to the next SARA meeting and give it to our Treasurer, Tim Long.

In addition, if you hear someone on the repeater who is not a member of our Club, give them some information about our Club and/or invite them to one of our Club meetings. Who knows, maybe they will join and help support our Club.

If you have any old radios or other Amateur radio items in **sellable condition**, please consider donating them to the club. By converting donated equipment into club funding these funds help keep our membership dues down, provide extra money to help maintain our repeaters, help with our Field Day costs and other expenses. If you have any equipment to donate, please contact one of the Board of Director/Officers.

Your donations will help us keep our repeaters on the air & open for all Amateurs to use.

Topics for Future SARA Meetings?

Your suggestions are needed

We welcome your suggestions for future meeting topics.

If you have a topic that you would like to present, or know of someone who could present a topic of interest to the club, please contact Jim Silva, KC2ZVK at jsilva.ny@gmail.com.

We have a few openings for the rest of this year.

Broughton Award 2016 Nominations

Last chance, send in your nominations today!

The Broughton Award Committee is accepting written nominations for this year's Henry Primm Broughton Memorial Award.

The award is given for individual achievement, or for outstanding service to SARA, to amateur radio in general or to the community.

Last year the Henry Primm Broughton Memorial Award was presented to Lee Hatfield Jr, K2HAT, and consequently Lee is this year's award committee chairperson. Lee will be selecting two other past Henry Primm Broughton Memorial Award recipients to serve with him on the committee.

Please submit your written nominations to Lee. Nominations should include candidates name, a brief biography, and reasons why the nominee should receive the award.

Please send nominations to Lee.

Send your nominations to:

SKYWARN Weather Spotter Training

Dear SKYWARN ECs,

We have finally put together the Spring 2016 SKYWARN Spotter Training Sessions. We encourage you to get the word out regarding the sessions so that we have a good turnout. The SKYWARN Registration Page has been set up <http://cstar.cestm.albany.edu/skywarn/Talks.htm>

In addition we are announcing the sessions once an hour on all of our NOAA Weather Radio All Hazards Transmitters.

The presentation this year will be different from in past years as we will be encouraging all SKYWARN Spotters to join CoCoRaHS (The Community Collaborative Rain, Hail and Snow Network). By joining CoCoRaHS all spotter reports will be ingested into our Public Information Statements and Local Storm Reports which we issue. To find out more about CoCoRaHS, please go to the web site <http://www.cocorahs.org/>

We will also be asking all SKYWARN ECs to become actively involved in the Weather Ready Nation initiative by becoming Weather Ready Nation Ambassadors. You can find out more about this by going to the following link, http://www.nws.noaa.gov/com/weatherreadynation/amb_tou.html

We look forward to seeing everyone.

John Quinlan - NOAA Federal

Donald W. Bulger, Sr - Silent Key

Donald W. Bulger, Sr., 95 passed away peacefully on Sunday April 17, 2016 at Albany Memorial Hospital. Donald was a lifelong resident of the South End of Albany and the only child of William and Mary (Feeney) Bulger.

He graduated from CBA in 1939 and Siena College in 1943 with a degree in electrical engineering. Donald served in the European Theatre of WWII as an Aerographer Mate 2nd class in the US Navy. He was awarded the Victory and Good Conduct medals being honorably discharged on December 17, 1945.

He enjoyed volunteering on board the USS Slater and working on getting the radio room up and running again. He was also a volunteer for the Weather Bureau helping gather weather data. **Donald was a Ham Radio operator (WB2VJC) and a member of the Schenectady Amateur Radio Assoc. for over 30 years.** He retired from General Electric Research and Development Center in 1983 after working there 43 years.

Donald enjoyed many vacations with his family which included trips to the Outer Banks, NC and camping in the Adirondacks. His hobby was painting and his family enjoyed many of his oil and water color paintings of lighthouses and coastlines in North Carolina and Maine.

East Greenbush Amateur Radio Association 2016 Hamfest

May 14th marks the date of EGARA's 13th Annual Hamfest and preparations are well underway for one of the club's biggest yearly events.

This event is great time to socialize with hams you haven't seen in a while, to pick up some new gear and eat good food.

"We expect this year's Hamfest to be the best ever, with hams from all over the region joining us for a day of fun and friendship," said EGARA President Tom Scorsone.

"There should also be some great bargains on gear available from the vendors who will be attending," Scorsone added.

The event is open to the public and begins at 8:00 AM at the Phillips Road Fire House located in East Greenbush, NY. The cost is \$6 per person.

There are also limited tailgating spots open on a first come, first serve basis, which are an additional \$6 per parking spot. The call-in frequency will be on the club's repeater at 147.27 MHz with a PL tone of 94.8.

There will be hot food all day including breakfast sandwiches, hamburgers and hot dogs, as well as an assortment of cold drinks and, of course, coffee.

Raffle prizes will be drawn throughout the day beginning at 10:00 AM. These prizes have been generously donated by various vendors and the ARRL. There will be two grand prize drawings held at the close of the event at 1:00 PM. The grand prizes this year are a dual band HT and dual band mobile rig (valued at over \$300). You must be present to win the grand prizes.

The event has traditionally been the club's biggest fund raiser each year. If you would like more information, please contact club president, Tom Scorsone, at KC2FCP@nycap.rr.com.

For additional information including driving directions, please click on the Hamfest link on the club's website at www.W2EGB.org.

Looking for Volunteers

We are in need of a new **VE Coordinator**, a new **SARA News editor** in the fall, and new **Board Members** in June.

By volunteering, it is a great way to giveback to your club.

If you think you might be interested, please contact one of the Board Members today!

K2AE Repeaters Guidelines

K2AE Repeaters are open and visitor friendly.

1. There will be a control operator monitoring at all times. If there is no control operator, the repeater will be unavailable. (97.103 and 97.105)
2. Control operators will not discourage anyone from using the repeater.
3. Conduct on the repeaters should be governed by common sense and courtesy. Conversations should be in plain language and suitable for all listeners. (97.112 and .113)
4. No commercial business use is allowed.
5. Pause a few seconds between transmissions. The repeater will recycle. This gives a chance for other users or emergency traffic to call in. (Give even a longer pause in Winter.)
6. If someone calls "Break", operators will yield the frequency for emergency traffic. Yielding to a "breaking" or new station is common courtesy. New York State and Federal law prohibit interference with emergency traffic.
7. Operators are encouraged to use simplex whenever possible. Operators are encouraged to use the minimum power necessary to maintain clear contact, i.e. 50 Watts or more is not appropriate in close proximity to the repeater when 1 or 5 watts achieve full quieting. (97.313)
8. Use of the repeater for non-SARA public service events is prohibited unless permission from the Trustee is obtained. Please forward requests to: ak2e@arrl.net.
9. In the event of an emergency (SKYWARN, flooding, weather conditions or other emergencies) control operators will turn the repeater on if it is down.
