October 10th- 8am Mohawk-Hudson River Marathon- From Central Park on the bike path to downtown Albany.

November 14th - 10am Stockade-athon 15K race from Central Park through Schenectady, and back to the park.

Summer Activities

Over the summer lots of SARA members did some interesting ham activities. Here, caught on camera during the June VHF contest Clark Gittenger KG2AO and Dan Whelan N2UD were operating on VHF through 24 GHz microwave bands using improvised equipment to talk to other hams as far away as Mt. Greylock. The questions they got from passing motorists and especially the local police were pretty interesting!

What's New With The Hobby

by Dan Whelan N2UD

SARA will hold its first meeting of the 2004-2005 Season on Monday, September 13, 7:30pm at Niskayuna High School.

This kick-off meeting will cover the "whole of the hobby" as it is today with something for active hams, inactive hams, real oldtimers and prospective newcomers to the hobby. The program will feature some of the newer audio-visuals from ARRL, as well as several short presentations on a couple of the more recent types of activities, services and technologies that the club and its members are active in. For those who have had limited exposure to the various facets of the hobby, this will be a good chance to see some of the other things that you can get involved in.

This will be a great program to bring friends who may have been away from the hobby for a while, spouses or children who maybe wondering just what it is we do in this hobby and might be interested in joining in. If you are an "old timer" you can find out how the hobby has changed recently as well as a little bit about some of the "new fangled" things that are going on. So come meet your old friends and make some new ones.

The meeting will be held in the "New Cafeteria" which is located to the right and toward the rear of the building as you enter from Balltown Road. Niskayuna High School is located on Balltown Road (Route 146) in Niskayuna about 1/4 mile north of the WRGB-TV studios. Talk in on the 147.06 SARA K2AE Repeater, just ask for directions to the SARA club meeting.

Board Meeting

Schenectady Amateur Radio Association Annual General Meeting

Field Day Wrap-Up

Pictures and a complete list of activities can be viewed on the website from Field Day 2004 at k2ae.org. We all had a great time and the weather was cooperative. Tim Long reports that we had a score of 6344. 4944 points from QSO's and 1500 bonus points. This is a decent score considering there were no HF enhancements and we were short a few operators over night. Congratulations to everyone who helped make it a successful Field Day.

2004 Henry Primm Broughton Award Winner, Dennis Hudson, N2LBT

Overall there have been about 45 Broughton Award winners since the award was established.

A plaque, medallion and pin are presented along with a cash award. The inscription on the plaque reads, "For his devoted and outstanding service to the public, to his fellow radio amateurs, and to the Schenectady Amateur Radio Association, this award, the Association's highest honor.."

Locally Funded College Scholarships for Young Hams

reported by Dan Whelan N2UD

The September 2004 issue of QST on page 88 listed several college Scholarships which were awarded to college bound hams that are of importance to Schenectady Amateur Radio Association and local hams. The Broughton Scholarships were established at the ARRL by SARA with funds from the Broughton Award Funds. These scholarships are available to college bound hams from the region. This year two Henry Prim Broughton K2AE Scholarships were awarded.

The first one went to Daniel R. Schwarting KB2ZVM of Ballston Lake NY for \$1000. The second went to Andrew Maroney W2AJM of New Windsor, NY for \$1000

We believe the young Mr. Schwarting is related to our long time SARA member Bill Schwarting WR2L.

Another scholarship named for prominent SARA member

and nationally known DXer and antenna expert Dr. Jim Lawson W2PV (sk) was awarded to Andrew Schaefer KB2ZWZ for \$500.

All SARA members are reminded that these scholarships and others are available through application through the [ARRL Scholarship programs](#). ARRL administers the application and selection of these scholarships. So keep alert to announcements in your QST for next years round and pass the word to prospective college bound licensed hams.
